## WALLA WALLA WRECK

Not Known Yet How Many Lives  
Were Lost.

### MANY WERE RESCUED

Two Rafts from the Vessel Are Yet  
to Be Heard from and Possibly  
More Lives May Be Saved  
from the Wreck.

San Francisco, Jan. 4.—It is not yet known how many persons perished in the wreck of the steamer Walla Walla, which was run into and sunk by an unknown French bark off Cape Mendocino Thursday morning. The most conservative statement places the number of dead at 10 and missing at 36. Another estimate is that no less than 73 persons are yet unaccounted for.

Those believed to be dead are: Mrs. Herman Kotschmar, wife of Lieut. Kotschmar; Mrs. M. Reynolds, stewardess; Mrs. H. Ericson and three children, Louis H. Druby of San Francisco; E. L. Kuttman, purser; Frank Hertely, fireman; John Wilson, also known as Hans P. Anderson, quartermaster.

The list of the missing, whose fate is still in doubt includes the following:

H. Ericson, a laborer; Dr. F. S. Allen and wife, J. L. Field, J. A. Gray, Charles Neff, Seattle; W. Dubler, D. Jones, J. Brown, F. Demar, C. Gleason, M. C. Marsh, G. Nicholson, M. Hanselman, chief officer; Peter Nilsen, second mate; Fred Lupp, third mate; John Hughes, fourth mate; C. Brown, chief engineer; George H. Crosby, second assistant engineer; B. F. Potter, steward; John Connell, boatswain; A. Holmes, B. Nelson, M. Haare, J. Boone, M. Calling, Santiago Murillo, pantryman; Frank Reardon, porter; John Shields, P. Naucett, Frank R. Hode, waiter; Edgar Reiss, waiter; J. Holloway, T. B. Williams, waiter; J. O. Johnson and George Morrison.

There are still on the ocean two rafts. If either of these is picked up the number of supposed victims will be materially decreased.

Sixty-two passengers and crew were picked up and landed at Eureka by the schooner Dispatch. Twenty-three survivors drifted ashore near Trinidad and 17 others were rescued by the tug Ranger.

Captain Hall, who went down with the vessel, but came to the surface and was saved, thinks some of the missing may yet be heard from.

The fact that the bark which caused the disaster did not stand by to aid the Walla Walla, indicates to sea-faring men that she must have been seriously disabled, if indeed she remains afloat. Her identity is not known, nor is it likely to be for some time, as there are several French vessels answering her description now off the Pacific coast. The bark Earnest Legouve, 55 days out from Hebart, Tasmania, for Portland; bark Les Adelpher, 81 days from Madagascar; Duquesne, 125 days out from Nantex, bound for England with cargo of wheat, and the Francois Copes, which left Astoria Dec. 28 for Cork, are mentioned by mariners in this connection. The revenue cutter McCulloch has been a patch to the scene of the wreck. Of the six life rafts launched by the Walla Walla after the boats had been filled, three and a portion of another were found and their occupants rescued.

One of the survivors, William O'Leary, says his party saw an unknown French bark that came within 300 yards of them, but he could not attract the attention of any one on board.

### Insurance on the Walla Walla.

Seattle, Wash., Jan. 4.—The Pacific Coast company carried \$250,000 insurance on the Walla Walla which they valued at \$350,000. Her transformation from a collier several years ago, and subsequent changes and repairs, are said by the company officers to represent an expenditure of \$200,000, giving her value to the company of over half a million dollars.

### Must Dispose of Her Fawn.

Chicago, Jan. 4.—Because Mrs. H. F. Good possesses a pet fawn, which was given to her last June as a wedding present, she was arrested on complaint of Game Warden George Birmingham, charged with violating the state game laws. Mrs. Good had a hearing before Justice Quinn and was given the alternative of either killing the animal or securing permission from the proper authorities to ship it out of the state. It will probably be sent to Pennsylvania to the farm of Mr. Good's father. Mrs. Good is the daughter of the late Col. John R. Hoxie, former president of the Union Stock Yards and Transit company.

### Illinois Bank Robbed.

Decatur, Ill., Jan. 4.—Four men broke into the bank of A. R. Scott, at Bethany, Friday night, blew up the safe and secured \$2000 in bills. A large quantity of gold and silver was left, as the robbers were driven off by citizens who were aroused by the explosion and began shooting.

### Three Trains Wrecked.

Johnstown, Pa., Jan. 4.—Because of the wrong signal from the Ninevah tower a fast eastbound Pennsylvania railroad passenger train ran into a slow freight, and a few minutes later a westbound freight crashed into the wreck, causing the death of four persons: James G. Black, engineer, found dead in his cab; Fireman Wm. Paul, of Pitcairn, died at the hospital; Robert S. Nolan of Pitcairn, first brakeman, was killed, as was also Engineer James Winters of Pittsburgh.

### FIRE AT OMAHA.

Three Firms Suffer Loss and Panic Is Caused in a Hotel.

Omaha, Jan. 4.—Fire destroyed three buildings at the corner of Fifteenth and Howard streets early today. The stock of the Western Electrical Supply company, the Douglass Printing company and the Frontier Steam Laundry company are a total loss. The loss will reach \$100,000.

Kerbach hotel, just across the alley from the printing establishment, was the scene of wild excitement for a short time. Several guests jumped from the second story windows and several others came down fire escapes in their night clothing. One man, W. H. Hawkins of Sac City, Ia., was carried out in a fainting condition and may die. Others received more or less severe injuries.

### Flagship of Asiatic Squadron.

New York, Jan. 4.—The Rainbow, which is to be the flagship of the Asiatic squadron, is anchored off Thompsonville awaiting orders to proceed to Manila. She is in command of S. A. Staunton, who formerly served as flag lieutenant of Admiral Sampson. The Rainbow has been elaborately fitted up and will be anchored near Cavite as a station ship, on which the admiral of the fleet and his staff will live. It is expected that the Brooklyn will return from Manila when the Rainbow arrives.

### WOMEN AS PHYSICIANS.

The Assertion Made and Disputed That They Cannot Make Doctors.

Chicago, Ill., Jan. 4.—The business agent of the Northwestern University is negotiating for the sale of the buildings and grounds of the Woman's College of Medicine, with a view to abandoning that institution. Trustee James H. Raymond said of the abandonment of the college:

"It is impossible to make a doctor of a woman. Women cannot grasp the chemical and pharmaceutical laboratory work, the intricacies of surgery, or the minute work of dissecting. At our women's medical department we do not get as high a class of scholarship as is set by the other colleges in Northwestern university."

Dr. Frances Dickinson, Dr. Julia Holmes Smith, Dr. Sarah Hackett Stevenson and others were astonished at the attitude of Trustee Raymond and expressed themselves in vigorous terms. Dr. Smith said:

"I should like to refer him to several women who have made names for themselves as women physicians. For instance, there was Marie Josepha Meigher, lately deceased, who was the head of that institution. She was a brilliant woman and far up in the profession, as no one will deny. Then there is Dr. Stevenson here in Chicago and many others in the public eye whom I need not mention."

"The trouble with that school was that it did not have enough applications from women. Women who are seriously considering entering the profession most often prefer to enter a co-educational school that gives them the same opportunity for gathering knowledge and skill as the men have. Women like to go to schools where they are respected as entities—not as a rare 'half' or as a sex. I think that out in the West Side Women's college enough recognition was not given to graduates. I mean that they were not placed on the faculty when there were both reason and opportunity."

Dr. Smith said she thought the training for students as "missionary doctors" did affect the institution's prosperity.

### DAUGHTER OF A REGIMENT.

Mrs. Tubman Dies at Chicago in Her Sixty-Fourth Year.

Chicago, Jan. 4.—Mrs. Mary Grant Tubman died at her residence in this city. When a girl she was the daughter of a regiment in the English army—the Twenty-sixth Camerons. She was born in Edinburgh 64 years ago, her father, Donald Grant, then being a sergeant, and the regiment stationed there. For four years, while her father was engaged in the China war, "the child of the regiment" lived with the British consul in the East Indies. After that she went with the regiment to England, Ireland, Scotland, Wales and Africa and finally to Gibraltar. There, when 15 years old, she was married to Richard M. Tubman, a sergeant. Mr. Tubman bought his discharge from the army and moved to Detroit, Mich., where he was general passenger agent for the Grand Trunk railway before he moved to Chicago shortly after the war.

### OLD LANDMARK SOLD.

Stuyvesant Plot Sold after Being in the Family Over 200 Years.

New York, Jan. 4.—A plot of land on Fourteenth street adjoining on the east the site on which stands the Fourteenth Street Presbyterian church, has just been sold by Rutherford Stuyvesant. This plot was owned in 1648 by Peter Stuyvesant, who at that time was governor-in-chief of Amsterdam, in New Netherlands, now called New York, and for many years it was part of his famous bouwerie farm. The property has been in the possession of his descendants ever since he bequeathed it to them until the recent sale, when it passed out of the possession of the Stuyvesant family. Near the site Gov. Stuyvesant planted a pear tree which he brought from Holland in 1647. The tree was cut down in 1867.

A GARDEN.

Say, let us plant a garden fair,  
With old-time flowers in it;  
And give it every day some care,  
If only for a minute.  
Let tender thoughts work out the plan,  
And loving words give reasons,  
For these can do what nought else can—  
Make summer of all seasons.

Oh! let us build a garden fair,  
And make it one long summer;  
Just one small spot that all may share,  
No matter who the owner;  
And set therein sweet mignonette,  
Whose greetings soft and tender,  
May make the shyest heart forget  
The outward show and splendor.

Yes, let us make a garden fair,  
Of smiling flowers and faces,  
To glad the earth where it is bare,  
And brighten life's dark places.  
Let roses beautify the May,  
And winter pinks, December.  
So every one that comes our way  
May pass on and remember.  
—John P. Sjolander in Farm and Ranch.

A reader of the Eagle with a  
well developed fun bump has  
handed us the following good one,  
clipped from some other paper: "It  
is said that a local preacher up in  
Arkansas announced from his  
pulpit a few Sabbaths ago that on  
the following Sunday he would  
preach on the subject of 'Hell and  
Who Will be There.' It is further  
said that on the following day he  
received letters from two saloon  
men, two butchers, one grocery-  
man, one ice man, two coal dealers,  
one baseball umpire and forty-nine  
delinquent subscribers to the local  
paper notifying him that if he dar-  
ed to mention their names in his  
sermon they would withdraw their  
support from his church and sue  
him for slander."

In summing up their progress  
and prosperity at the beginning of  
the new year, few towns in Texas  
are like Bryan able to report no  
vacant business houses or resi-  
dences, with new merchants mov-  
ing in from other places, new peo-  
ple coming to make their homes  
here faster than they can secure  
residences, and new houses going  
up all all the the time.

Huntsville is figuring on estab-  
lishing a waiting or rest room for  
ladies. The Item says: "The  
Item is no rainbow chaser, but  
strives to advocate only those  
things which are practicable and  
which will result in the prosperity  
of its town. For that reason it  
again takes up the subject of a rest  
room for the benefit of the ladies  
and children who come here to do  
their trading."

Capt. R. P. Leary of the United  
States navy, who passed away re-  
cently, died without the knowledge  
that he had been made a rear

**WANT ANOTHER COURT**

Bill to Make New Federal District  
in Texas.

**THREE COURTS NOW.**

The New Court Will in All Probability  
Go to South Texas—Texas Dele-  
gation Hold a Caucus at  
Washington.

Washington, Jan. 4.—The members  
of the Texas delegation in the house  
of representatives held an informal  
meeting at the capitol and discussed  
a court bill providing for an addition-  
al federal judicial district in Texas.  
The bill has not yet been drafted, and  
it is the desire of the members to ar-  
range it so as to suit the convenience  
of the bar and litigates of the various  
counties. The bill will practically re-  
district the state into four federal ju-  
dicial districts.

The bar of the state is greatly inter-  
ested in the measure as the business in  
the northern and eastern districts is  
far greater than two judges can be ex-  
pected to handle. With four districts  
instead of three it is believed that the  
convenience of the bar and litigants  
will in many cases be greatly en-  
hanced.

The opinion is that the new district  
will go to Houston.

**UNPRECEDENTED RIGHTS.**

United States Granted Absolute Control  
of Land for Canal.

Washington, Jan. 5.—Some of the  
main features of the protocol between  
the United States and Nicaragua re-  
ferred to in President Zelaya's message  
to his congress have been made known  
in recent dispatches from Managua.  
But there are many other important  
features which have not yet been dis-  
closed, one of those being the complete  
American jurisdiction and the estab-  
lishment of American courts, civil and  
criminal, throughout a zone six miles  
wide and extending from ocean to  
ocean, and including the proposed ter-  
mini, Greytown, on the Atlantic and  
Briton on the Pacific.

The entire policing of this large tract  
also is placed in the hands of the  
United States, so that it has the power  
to preserve order and to issue judicial  
process extending throughout this zone.

Besides the authority of American  
courts and of the American police on  
the six-mile zone, the chief feature of  
the protocol are in giving a lease in  
perpetuity of this tract of the United  
States and at the same time giving an  
American guarantee that the independ-  
ent sovereignty and integrity of  
Nicaragua shall not be disturbed, the  
rights thus conferred upon the United  
States.

No exact information is obtainable  
as to the price specified in the proto-  
col as payment to Nicaragua for the  
grant to this country. It can be stated  
positively, however, that this price is  
much less than was expected when  
the negotiations began and that it is  
considered by officials as reasonable.  
It is understood that at the outset  
the view in Nicaragua was that \$20,000-  
000 would be a proper figure for the  
grant to this country, and about  
\$5,000,000 for Costa Rica's grant. But  
while there is no information as to  
the final sum in the protocol, it was  
known to be far short of the above  
figures. As the cession takes the  
form of a perpetual lease, it is prob-  
able that the protocol includes the  
feature of an annual rent as part pay-  
ment. A protocol with Costa Rica  
identical in form with that with Nicara-  
gua except in the matter of price  
and territory leased has been in  
course of negotiation, and it is under-  
stood that a satisfactory conclusion  
will be reached with that government.

**Frightened to Death.**

Victoria, Tex., Jan. 4.—Mrs. A. C.  
McCoy, aged about 30 years, died of  
fright Friday night caused by a large  
rock being thrown against the window  
of the room in which deceased was  
sitting. She was engaged in conversa-  
tion with her mother and a neighbor  
in the room at the time the rock  
crashed through the window, and  
death resulted immediately. Medical  
attention was at once secured, but all  
efforts were in vain. Her husband  
was not at home at the time. A ne-  
gro man has been arrested.

**Change in Santa Fe Officials.**

Galveston, Tex., Jan. 4.—At a meet-  
ing of the directors of the Gulf, Colo-  
rado and Santa Fe railway, held Fri-  
day, Colonel L. J. Polk, general man-  
ager of that road, was elected vice  
president to succeed George Sealy, de-  
ceased. F. M. Gilbough tendered his  
resignation as a director, and the same  
was accepted. John Sealy and A. C.  
Torbert were elected directors to fill  
the vacancies occasioned by the death  
of Mr. George Sealy and the resigna-  
tion of Mr. Gilbough.

**Pintsch Gas Factory.**

El Paso, Tex., Jan. 4.—Arrangements  
have been completed for the erection  
at this place of a Pintsch gas factory,  
and the work of erection will begin  
in a few weeks. The factory will be  
large enough to supply all the roads  
centering here. It has not yet been  
fully determined whether the gas will  
be piped to the different depots, or  
whether there will be one central place  
to which all cars may go for their sup-  
plies. The new works will use Beau-  
mont oil.

**A GARDEN.**

Say, let us plant a garden fair,  
With old-time flowers in it;  
And give it every day some care,  
If only for a minute.  
Let tender thoughts work out the plan,  
And loving words give reasons,  
For these can do what nought else can—  
Make summer of all seasons.

Oh! let us build a garden fair,  
And make it one long summer;  
Just one small spot that all may share,  
No matter who the owner;  
And set therein sweet mignonette,  
Whose greetings soft and tender,  
May make the shyest heart forget  
The outward show and splendor.

Yes, let us make a garden fair,  
Of smiling flowers and faces,  
To glad the earth where it is bare,  
And brighten life's dark places.  
Let roses beautify the May,  
And winter pinks, December.  
So every one that comes our way  
May pass on and remember.  
—John P. Sjolander in Farm and Ranch.

A reader of the Eagle with a  
well developed fun bump has  
handed us the following good one,  
clipped from some other paper: "It  
is said that a local preacher up in  
Arkansas announced from his  
pulpit a few Sabbaths ago that on  
the following Sunday he would  
preach on the subject of 'Hell and  
Who Will be There.' It is further  
said that on the following day he  
received letters from two saloon  
men, two butchers, one grocery-  
man, one ice man, two coal dealers,  
one baseball umpire and forty-nine  
delinquent subscribers to the local  
paper notifying him that if he dar-  
ed to mention their names in his  
sermon they would withdraw their  
support from his church and sue  
him for slander."

In summing up their progress  
and prosperity at the beginning of  
the new year, few towns in Texas  
are like Bryan able to report no  
vacant business houses or resi-  
dences, with new merchants mov-  
ing in from other places, new peo-  
ple coming to make their homes  
here faster than they can secure  
residences, and new houses going  
up all all the time.

Huntsville is figuring on estab-  
lishing a waiting or rest room for  
ladies. The Item says: "The  
Item is no rainbow chaser, but  
strives to advocate only those  
things which are practicable and  
which will result in the prosperity  
of its town. For that reason it  
again takes up the subject of a rest  
room for the benefit of the ladies  
and children who come here to do  
their trading."

### BRAIN-FOOD NONSENSE.

Another ridiculous food fad has  
been branded by the most compe-  
tent authorities. They have dis-  
pelled the silly notion that one kind  
of food is needed for brain, another  
for muscles, and still another for  
bones. A correct diet will not only  
nourish a particular part of the body,  
but it will sustain every other part.  
Yet, however good your food may  
be, its nutriment is destroyed by in-  
digestion or dyspepsia. You must  
prepare for their appearance or pre-  
vent their coming by taking regular  
doses of Green's August Flower, the  
favorite medicine of the healthy  
millions. A few doses aids diges-  
tion, stimulates the liver to healthy  
action, purifies the blood, and makes  
you feel buoyant and vigorous. You  
can get Dr. G. G. Green's reliable  
remedies at Wilson-Jenkins Drug  
Co.'s store. Get Green's Special Al-  
manac.

Rev. Chew Tells Some of the Causes of  
the Recent Trouble.

New York, Jan. 4.—Rev. Poon Chew,  
editor of a San Francisco Chinese  
newspaper, in a lecture at the Fifth  
Avenue Presbyterian church spoke as  
follows in regard to the causes leading  
up to the recent crisis in China:

"Among the causes may be men-  
tioned the opium traffic. The Chinese will  
not forget how opium came to them,  
nor the opium war of 1839. Another  
thing is the method of the treatment  
of the Chinamen by foreigners. They  
teach us that right is might.

"What right has England, or Russia,  
or France, or Germany to take portions  
of China? They would not treat Amer-  
ica so. If Russia should demand New  
York because a Russian got killed by  
a train in America, you would not like  
it. However, the Chinese feel that  
America is a friend to China, notwith-  
standing the exclusion laws. When  
President McKinley was shot it sent  
a thrill through all China. The people  
of Shanghai are collecting money and  
will raise the first memorial to Presi-  
dent McKinley."

### SHORT ON COAL.

Supply Not Equal to the Demand at New  
York and May Become Worse.

New York, Jan. 4.—There is a short-  
age of coal in this section, and at the  
offices of the Berwind-White Coal com-  
pany it is said that the situation is  
about as bad as it can be. At Stick-  
ney, Conyngham & Co.'s one of the  
members of the firm said:

"It is an embarrassing situation, and  
it is difficult to say whether it will  
grow better or worse. The chief dif-  
ficulty is lack of rolling stock on the  
railroads. Nearly all of the coal car-  
riers have ordered additional equip-  
ment, but they say car and locomotive  
builders cannot supply the demand.

"There is practically no coal in re-  
serve in New York now, and the daily  
number of cars received does not equal  
the demand. The shortage is in steam  
coal as well as domestic."

One of the members of the firm of  
Herbert & Co. said:

"There is danger from a severe snow-  
storm or any other disturbance with  
traffic."

### PANAMA CANAL FOR SALE.

It Is Offered to the United States by the  
Company for \$40,000,000.

Paris, Jan. 4.—Directors of the Pan-  
ama Canal company met at the com-  
pany's offices here and after a brief  
session came to a definite decision to  
offer to sell the canal property to the  
United States for \$40,000,000. The  
price includes excavations, canal, rail-  
road, machinery and all other items  
specified in the isthmian commission's  
report. The company's representative  
at Washington has been cabled a mes-  
sage instructing him to formally sub-  
mit this offer to the president.

### Troupe Experimental Station.

Troupe, Tex., Jan. 4.—Professors  
Connell, Price and Dr. Francis of Col-  
lege Station were here Friday to ac-  
cept the land offered as a bonus by

### Boy Burned to Death.

Gilmer, Tex., Jan. 4.—News has  
reached here of the burning of what is  
known as the old Goode homestead  
near Bettie, in which the five-year-old  
son of Wm. Wright lost his life. Mr.  
Wright was away from home when the  
house caught fire at night, and his wife  
picked up the baby in her arms and  
led the boy by the hand and escaped  
from the building, but in the excite-  
ment the boy walked back into the  
house, crawled in bed, covered up and  
was burned.

### Rockefeller's Gift.

Rochester, N. Y., Jan. 4.—Some time  
ago John D. Rockefeller offered to  
give dollar for dollar to the Rochester  
Theological seminary for all funds  
that the institution might raise from  
other sources up to the amount of  
\$150,000. The time limit on Mr. Rock-  
efeller's expired Thursday. Rev. Dr.  
J. W. A. Stewart, chairman of the  
seminary executive committee, says  
that more than \$100,000 has been  
raised for the seminary. Mr. Rockefel-  
ler's gift will therefore double this  
sum.

### Made Countess by the Pope.

New York, Jan. 4.—Miss Anne Leary  
of this city has just received word  
from Rome that the pope has conferred  
upon her the title of countess. Miss  
Leary built the chapel at Bellevue  
hospital and established the Arthur  
Leary chair of English literature in  
the Loyola school.

### Independent Candidate Withdraws.

New York, Jan. 4.—Fritz Lindinger,  
the independent Democratic candidate  
for representative from the Seventh  
congressional district, has withdrawn  
from the contest and issued a state-  
ment asking his followers to vote for  
Perry Belmont.

### Expedition Landed.

Willemstad, Island of Curacao, Jan.  
4.—The armed revolutionary steamer

### Opposed to Settlers.

Guthrie, O. T., Jan. 4.—The impres-  
sion prevails here that the land of the  
Missouri Indians will soon be opened  
to settlement. Representatives of  
those tribes have gone to Washington  
to oppose the opening, and also to  
urge the government to pay to Otoe  
tribe \$165,000, which has been collect-  
ed from the sale of their land in Ne-  
braska, which amount was to have  
been paid to them upon collection un-  
der the terms of a treaty, providing  
cession to the lands. The Indians will  
apply to congress to appropriate the  
money.

### Horticultural Meeting Postponed.

Houston, Jan. 4.—Sam H. Dixon,  
secretary of the Texas State Horti-  
cultural society and chairman of the  
committee of arrangements which had  
in charge the joint meeting at Dallas  
Jan. 9 and 10, has sent out a letter  
announcing the postponement of this  
meeting. Mr. Dixon states that the  
rates offered by the railroads for the  
meeting are higher than the members  
thought they ought to pay, and there-  
fore they have instructed him to an-  
nounce the postponement of the meet-  
ing.

### Accidentally Killed.

Hempstead, Tex., Jan. 4.—Charles  
Wagoner, a young man 26 years of age,  
a resident of this city, was shot and in-  
stantly killed by the accidental dis-  
charge of his own gun while hunting  
in the pine woods east of this city.  
The gun slipped from his arm while  
he was rolling a cigarette and the ham-  
mer striking some hard substance one  
barrel loaded with squirrel shot was  
discharged, the contents passing  
through his body near the heart.

### Double Tragedy.

Gilmer, Tex., Jan. 4.—Near Simp-  
sonville James Calvert and Carse  
Quinn became involved in a fight. A  
shot was fired and Wm. Hart, a by-  
stander, fell dead, shot through the  
breast. Then another shot was fired  
and Quinn dropped, shot through the  
abdomen, a wound which caused his  
death next day. Calvert was given an  
examining trial and released on  
\$1500 bond.

### Loss of Life Placed High.

Portland, Ore., Jan. 4.—Shipping  
men here believe that the vessel which  
was in collision with the Walla Walla  
is the four-masted French bark  
Europe. The Europe left here Dec. 11  
for Queenstown with a cargo of wheat.  
Under ordinary weather conditions  
the Europe would have been further  
on her journey.

### BRAIN-FOOD NONSENSE.

Another ridiculous food fad has  
been branded by the most compe-  
tent authorities. They have dis-  
pelled the silly notion that one kind  
of food is needed for brain, another  
for muscles, and still another for  
bones. A correct diet will not only  
nourish a particular part of the body,  
but it will sustain every other part.  
Yet, however good your food may  
be its nutriment is destroyed by in-  
digestion or dyspepsia. You must  
prepare for their appearance or pre-  
vent their coming by taking regular  
doses of Green's August Flower, the  
favorite medicine of the healthy  
millions. A few doses aids diges-  
tion, stimulates the liver to healthy  
action, purifies the blood, and makes  
you feel buoyant and vigorous. You  
can get Dr. G. G. Green's reliable  
remedies at Wilson-Jenks Drug  
Co.'s store. Get Green's Special Al-  
mahac.

### Rev. Chew Tells Some of the Causes of the Recent Trouble.

New York, Jan. 4.—Rev. Poon Chew,  
editor of a San Francisco Chinese  
newspaper, in a lecture at the Fifth  
Avenue Presbyterian church spoke as  
follows in regard to the causes leading  
up to the recent crisis in China:

"Among the causes may be men-  
tioned the opium traffic. The Chinese will  
not forget how opium came to them,  
nor the opium war of 1839. Another  
thing is the method of the treatment  
of the Chinamen by foreigners. They  
teach us that right is might.

"What right has England, or Russia,  
or France, or Germany to take portions  
of China? They would not treat Amer-  
ica so. If Russia should demand New  
York because a Russian got killed by  
a train in America, you would not like  
it. However, the Chinese feel that  
America is a friend to China, notwith-  
standing the exclusion laws. When  
President McKinley was shot it sent  
a thrill through all China. The people  
of Shanghai are collecting money and  
will raise the first memorial to Pres-  
ident McKinley."

### SHORT ON COAL.

Supply Not Equal to the Demand at New  
York and May Become Worse.

New York, Jan. 4.—There is a short-  
age of coal in this section, and at the  
offices of the Berwind-White Coal com-  
pany it is said that the situation is  
about as bad as it can be. At Stick-  
ney, Conyngham & Co.'s one of the  
members of the firm said:

"It is an embarrassing situation, and  
it is difficult to say whether it will  
grow better or worse. The chief dif-  
ficulty is lack of rolling stock on the  
railroads. Nearly all of the coal car-  
riers have ordered additional equip-  
ment, but they say car and locomotive  
builders cannot supply the demand.

"There is practically no coal in re-  
serve in New York now, and the daily  
number of cars received does not equal  
the demand. The shortage is in steam  
coal as well as domestic."

One of the members of the firm of  
Herbert & Co. said:

"There is danger from a severe snow-  
storm or any other disturbance with  
traffic."

### PANAMA CANAL FOR SALE.

It is Offered to the United States by the  
Company for \$40,000,000.

Paris, Jan. 4.—Directors of the Pan-  
ama Canal company met at the com-  
pany's offices here and after a brief  
session came to a definite decision to  
offer to sell the canal property to the  
United States for \$40,000,000. The  
price includes excavations, canal, rail-  
road, machinery and all other items  
specified in the isthmian commission's  
report. The company's representative  
at Washington has been cabled a mes-  
sage instructing him to formally sub-  
mit this offer to the president.
